

PharmTox Fights COVID-19 Week of February 8-12 2021

UAMS Holiday Reminder

Presidents' Day

Monday, February 15

College of Medicine Launches 1-2-3 Go

The College of Medicine announced 1-2-3 Go (Grant Opportunity), a new funding program designed to facilitate and support the launch of multidisciplinary research teams that show the potential to grow extramural funding and expand entrepreneurial efforts on campus. The program provides rapid distribution of \$75,000 in seed funding to self-organized teams of three faculty members from at least two different academic units in the COM and/or faculty members from other UAMS colleges and UA system campuses, plus a student or trainee. Visit the [1-2-3 GO website](#) to establish or join a team. The deadline for applications is **March 1**.

HSIE Postdoctoral Training Program Accepting Applications

The UAMS Translational Research Institute (TRI) is pleased to invite full applications for the 2021 TL1 Health Sciences Innovation and Entrepreneurship (HSIE) Training Program, which is a component of the Clinical and Translational Science Award. This two-year graduate certificate program will start on July 1, 2021 and provides support for four postdoctoral fellows. Applications from all UAMS Colleges are welcome. Fellows in their first three years of postdoctoral training, or recent PhD or MD/PhD graduates entering postdoctoral training, are eligible to apply. Applicants must be U.S. citizens or permanent residents. The application deadline is March 15, 2021. There will be a virtual informational session on Friday, February 26 at noon for more information. Please contact Pam Kahler for a calendar invitation/link. Visit the [HSIE Postdoctoral Training Program website](#) for more detailed information.

Winter Weather Reminders

With inclement weather in the forecast for next week, please keep in mind that non-critical employees who have a Remote Work Agreement are expected to work from home during inclement weather. Implementation of the UAMS Inclement Weather Policy will be announced via email and posted on the UAMS website. Otherwise, employees should report to work according to their normal work schedule. If there is any inclement weather declaration for the campus, all on-campus classes will be cancelled and the student success center will be closed.
